2014-2015 SAR Comment Codes and Text

Overview

The 2014-2015 SAR Comment Codes and Text document serves as a standalone guide, as well as a companion to the *2014-2015 Electronic Data Exchange (EDE) Technical Reference*.

Refer to this document for information on the 2014-2015 Student Aid Report (SAR) comment codes and text.

We have not included the Web versions of the SAR comment text in this guide, because they are very similar to the SAR comment text. (See the Reminder on page 3 for one exception.) The only differences are wording changes that make the comments relevant to the Web version of the SAR rather than to the paper form or printed (electronic) Institutional Student Information Record (ISIR). For example, the text for a SAR comment code may describe printed information, whereas the equivalent Web comment code describes a Web page displaying the information.

How do the comment codes and text work?

The Central Processing System (CPS) adds comment codes and text to the student's transaction to provide information to the student and to you about the student's processed Free Application for Federal Student Aid (FAFSA).

The comment codes and text are printed on paper SARs and on ISIRs printed from EDEExpress for Windows or other financial aid software you may use. Each comment code is three digits in length and can be found in positions 2866 to 2925 in the ISIR file.

How do I use the 2014-2015 SAR Comment Text table?

The 2014-2015 SAR Comment Text table includes the following information:

- Column 1, SAR Comment Code: This column lists the comment codes numerically.
- Column 2, SAR Comment Text Definition: This column contains the text that is printed on SARs and on printed ISIRs.
- Column 3, Notes/Changes: This column describes changes to the comment text.
- Column 4, Reason for the Comment: This column describes the reason or conditions that caused this comment to appear in the student's record.
- Column 5, C Code: This column indicates whether a C code is set.

The CPS typically generates a C code when database match results require resolution by the school. The CPS also generates a C code if an applicant's response to the FAFSA drug question (question 23) requires resolution or financial aid administrator action.

- Column 6, Reject Code: This column indicates a reject number or letter if a reject code is associated with a comment code.
- Column 7, Action Needed: The final column describes actions needed to resolve the C flag or reject associated with the comment.

Note: The resolution information is provided for you to use as a quick reference. The *Federal Student Aid Handbook*, Volume 1—FSA Handbook: Student Eligibility contains detailed information about student eligibility and the action needed to resolve discrepancies found in the data matches. The handbook is located on the U.S. Department of Education's Information for Financial Aid Professionals (IFAP) Web site, located at ifap.ed.gov.

Where can I find more information about ISIRs?

The 2014-2015 ISIR Guide is designed to assist financial aid administrators with interpreting student information from ISIRs. The *2014-2015 ISIR Guide* is available on the IFAP Web site, as well as on the Federal Student Aid Download (FSAdownload) Web site, located at fsadownload.ed.gov.

Changes to the Comment Codes

SAR Comment Code Changes

You can review the changes to the comments in the Notes/Changes column of the following table. A summary of these changes is also provided in the *2014-2015 Summary of Changes for the Application Processing System* guide, posted later this fall on the IFAP and FSA download Web sites.

Comments with the first line indented are printed in the “Comments About Your Information” section on the SAR. Comments that are left-justified are printed with a checkbox in front of the comment and are printed in the “What You Must Do Now” section.

Reminder: As part of the 2008-2009 SAR Redesign process, we removed the text for comment codes 047, 050, 112, 149, 158, 159, 170, and 171 from the paper SAR comments section on page three and instead present the information contained in these comments as variable text in the appropriate section on the first page. Text associated with these comment codes is only displayed on the Web; the text is not displayed in the EDEExpress software and is not printed on the EDEExpress ISIR. **Note,** however, that the comment code numbers are included in the ISIR file and appear in the FAA Information section of the printed ISIR. Schools using EDEExpress still have the ability to query their databases using these comment code numbers.

When viewing or printing an ISIR using FAA Access to CPS Online, or when a student is viewing or printing his or her SAR information on the Web, the text for the affected comments is printed. ISIRs printed from third-party software may not print the text for these comments, depending on how the software was programmed. We recommend consulting with your software vendor for more information.

Note for users of this guide: To assist you when reviewing a SAR or ISIR that contains these comment codes, we have provided the text for the Web comments in this guide. If the comment text is preceded with text referring to the Web, the comment text is printed on the ISIR from FAA Access to CPS Online and is displayed to the student on the Web.

In some cases, the text that was removed from the EDEExpress software is the same as the Web text, and we note that where appropriate. In other cases, the text varies slightly from the Web version. We have also provided the SAR/ISIR text that was removed from EDEExpress. Schools using their own software and third-party software providers may, at their discretion, program their systems to include the text on printed ISIRs.

See the [March 20, 2008 electronic announcement](#) regarding this change on the IFAP Web site.

The CPS maintains a hold file of those who have received such a judgment, and it checks applicants against that file to determine if they should be denied aid. This is separate from the check for a drug conviction via question 23; confirmation of a student in the drug abuse hold file will produce a rejected application and a separate comment from those associated with responses to question 23.</p>

254	Based upon data provided by the National Student Loan Data System (NSLDS) and your grade level, we have determined that you may have received subsidized student loans in excess of loan limits established for the federal loan programs. You should review the information on Page 4.		NSLDS Subsidized or Combined Loan Total has exceeded loan limits based on NSLDS Loan Limit Flags or Postscreening reason codes of 09 or 10	Y		Resolution required. In general, students who borrow in excess of aggregate loan limits are ineligible to receive further Title IV assistance. However, if the school determines that the student inadvertently borrowed in excess of the limits, the student may regain eligibility either by repaying the amount borrowed in excess of the aggregate limits or by making satisfactory (to the loan holder) repayment arrangements for the excess amount. See Section 668.35(b) (1) of the Federal Student Financial Aid Regulations, Dear Colleague Letter GEN 96-13 , and Q&A #17 for additional information.

257	Based upon data provided by the National Student Loan Data System (NSLDS) and your grade level, we have determined that you may have received a total amount of student loans (graduate and undergraduate) that is close to or equal to the loan limits established for the federal loan programs. Therefore, your eligibility for additional student loans may be limited. You should review the information on Page 4.		NSLDS Subsidized or Combined Loan Total is close to exceeding the loan limits based on NSLDS Loan Limit Flags Graduate close to loan limit			No resolution required. On the CPS 01 transaction, loan limits may already be exceeded. However, the CPS would not detect it until NSLDS postscreening occurs. Schools must check aggregate amounts to determine if loans to the student are close to, equal to, or exceeding loan limits. If they are exceeding, see action needed for comment 254. If loan limits are close to or equal to the limits, caution should be used to ensure that the student does not exceed his or her loan limits with subsequent Title IV loans.

SAR comment code 259 was originally developed in 2008-2009 to be added to the record of an innocent student who was the victim of identity theft. This comment will never appear on a student's record.

359	Your school may request additional information to determine your eligibility for federal student aid.	Revised the action needed	NSLDS Unusual Enrollment History Flag equals 2	Y		Resolution required. The institution must review the student's enrollment and financial aid records to determine if, during the 2010-2011, 2011-2012, and 2012-2013 award years, the student received a Pell Grant at the institution that is performing the review. If so, no additional action is required. If not, using information from the National Student Loan Data System (NSLDS), the institution must identify all institutions where the student received a Pell Grant for the 2010-2011, 2011-2012, and 2012-2013 award years and determine whether academic credit was earned at each institution during the award year for which the student received a Pell Grant. Database Match Results

How to Use the Charts

The information in this section is provided for you to use as a quick reference. The *Federal Student Aid Handbook*, Volume 1—FSA Handbook: Student Eligibility contains detailed information about student eligibility and the action needed to resolve discrepancies found in the data matches. The handbook can be found on the IFAP Web site, located at ifap.ed.gov.

A flag of **C** is an indicator that institutional resolution is required. The C Flag is printed on the SAR next to the EFC if any of the conditions described in the chart are met.

Note: Some of these data match results generate rejected records. Comments associated with a match results reject do not generate SAR C codes. However, a SAR C code could be generated by another match result comment and is printed on a SAR rejected for other than match results reasons. An EFC is not provided on any rejected records.

An asterisk (*) in the Match Flag column of this chart indicates that a match flag value is not generated for cases that could not be sent to the matching agency.

DHS Secondary Confirmation Match

CPS waits for three compute days to receive results from Secondary Confirmation instead of processing ISIRs with results from Primary Verification only.

After three days, if DHS does not return a response, CPS generates the ISIR, which shows that Secondary Confirmation is still in progress.

SAR C Code/ Reject	Match Flag	Comment Number
	P = Pending results of secondary confirmation	No comment
	Y = Citizenship status confirmed by DHS	120
C code	C = DHS has not yet confirmed eligible noncitizen status	105
C code	N = DHS did not confirm eligible noncitizen status	046
C code	X = DHS did not have enough information to confirm eligible noncitizen status	109

Notes about the paper (G-845) Secondary Confirmation Process

- Before sending copies of documentation to DHS, the school should confirm that the student identifiers on the ISIR are accurate, especially Alien Registration Number and Date of Birth. If application data is incorrect, submit corrections to the CPS instead of paper Secondary Confirmation.
- Be sure to enter the student's 15-digit DHS Verification Number on the G-845 form. It can be found in the Match Flags section of the ISIR.
- In all cases, if a school does not receive a response to a paper Secondary Confirmation request within 15 days, the student is eligible for aid if documentation appears to support claim of eligible noncitizen.
